## The School Song

Words by: N. Pensom

Music by: B. Pensom

### Verse 1

May we cherish in our memory,  
Those who built our heritage,  
Live like them a life of service  
To illuminate life's fair page;  
Here we glimpse the truth we're seeking  
Forge the links of manhood's chain;  
Day by day life's lesson learning,  
Toil without faith is work in vain.

### Chorus

**Nisi Dominus Frustra singing  
Join we all in concert here;  
In our hearts and minds still ringing  
Precepts taught from year to year.  
Honour to John Lees our Founder,  
Builder he in bygone days.  
May his structure, ever sounder,  
Stand to his undying praise**

### Verse 2

Here to run life's race we're learning,  
Stumbling but to try again;  
Not for honours but for honour,  
Worthier prize we strive to gain.  
Men and women here together,  
Evermore our truth proclaim;  
Let the Lord make this his dwelling  
Then we Labour not in vain

### Chorus
